

# Mathematical Practice Standards

1

I can figure out what the problem is asking and solve it without giving up

2

I can think about numbers in many ways

3

I can explain my thinking and try to understand others

4

$$2(5 + 5) = 20$$

$$2 \times 10 = 20$$

.....  
.....

I can show my work in many ways

5

I can use math tools and tell why I chose them

6

I can work carefully and check my work. I use precise language

7

I can use what I know to solve new problems.

8

I can discover and use shortcuts or patterns
